

## LeRose Family Dentistry

We are committed to the health of our patients and have enlisted the following safety protocols for office visits:

- 1) When you arrive for your appointment, we kindly ask that you call from the parking lot or outer atrium lobby to let us know you have arrived.
- 2) When entering the office , we ask that you keep your mask on and your temperature will be taken.
- 3) We will ask you to review and sign a Covid-19 symptom questionnaire/consent form before being taken back to the treatment room.
- 4) We kindly ask that only the patient being seen come in for the appointment. With families, we will only be seeing the patient scheduled and ask that other family members wait outside in the atrium lobby or your car. This will help limit the amount of people in the waiting area and leave enough time to clean and disinfect treatment rooms.
